

Headstrong

Bryan Martin

A runnin' wild child
Leavin' the meanwhile
For the ones back home
'Cause they couldn't rope me
And no fence could hold me
'Cause I was too far gone
Headstrong

My daddy and mother
And my own brother
Say I'm livin' wrong
'Cause I couldn't stick around
That one-horse town
Or hang my hat too low
Headstrong

Headstrong into the next storm
Wide open out the back door
Let that northern wind
Chill me to the bone
Headstrong into the dark clouds
Drivin' rain ain't slowin' me down
No time for goodbyes, it's just so long
Headstrong

Well, I don't tell 'em
Everything that's
Really goin' on
I ain't goin' hungry
Got plenty of money
Hold the tears and hang up the phone
Headstrong

Headstrong into the next storm
Wide open out the back door
Let that northern wind
Chill me to the bone
Headstrong into the dark clouds
Drivin' rain ain't slowin' me down
No time for goodbyes, it's just so long
Headstrong

Headstrong into the next storm
Wide open out the back door
Let that northern wind
Chill me to the bone
Headstrong into the dark clouds
Drivin' rain ain't slowin' me down
No time for goodbye when you're chasin' a song
So for now, I'll just say so long
Headstrong

Runnin' wild child
Leavin' the meanwhile
For the ones back home
