I've been way out here for a month or more tonight I'm wonderin
' why

You try to understand the things that I feel
Maybe this time I'll find away to explain it

'Cause there is a dream deep inside my head
And it may seem like it's breaking the thread that holds me to
you

Still you have never wanted to change me
But darling I know though we're far apart the signal is strong
This helpless heart will always belong to you, to you

This power takes me from the place I belong
To where only the strong get through
You've got to keep on believing or you'll lose your way
'Cause it slips right out of view
Though there are days the light can flicker and fade
Here in this place tonight a fire is burning

'Cause there is a dream deep inside my head
And it may seem like it's breaking the thread that holds me to
you
Still you have never wanted to change me
But believe me I know though we're far apart the signal is stro
ng
This helpless heart will always belong to you

This helpless heart will always belong to you
Will always belong to you, to you, only to you, to you
