

# Adore You

Bryant Barnes

Is it true?  
Are you getting sick of me?  
All I wanna do is adore you  
All I wanna do is adore you  
Tell the truth  
Are you gonna lie to me  
If all I wanna do is adore you?  
Adore you

I've been thinking back like  
Where did we go wrong?  
Been here for so long, I don't know  
How did we get like this?  
Maybe I got too attached  
I never had a choice, no  
Hear it in your voice on the phone  
Wish I had you right here

You're gonna make me hate if I'm right  
Is there somebody else?  
Don't want nobody else  
So, baby

Is it true?  
Are you getting sick of me?  
All I wanna do is adore you  
All I wanna do is adore you  
Tell the truth  
Are you gonna lie to me  
If all I wanna do is adore you?  
Adore you

Thought I was used to this  
But you're the exception  
Get all insecure and shit  
When I'm all alone  
(Adore you) And how can I love you when  
(Adore you) I never know what's going on?  
(Adore you) Is all the feeling gone?

Is it true?  
Are you getting sick of me?  
All I wanna do is adore you  
All I wanna do is adore you  
Tell the truth  
Are you gonna lie to me  
If all I wanna do is adore you?  
Adore you

Adore you  
Oh, adore you  
Oh, adore you  
Adore you
