

# End Of Time

Bryant Barnes

Do I deserve to grieve?  
Our grave's the result of my greed  
I'm crying here watching our bodies  
Rot away  
It was just a dream  
We could've fought harder to breathe  
All you had to do was just call me  
And tell me to stay  
But maybe in another world  
We had we needed first  
I don't wanna say goodbye  
Guess I'll see you in the afterlife  
I'll wait 'til the end of time  
I'll wait 'til the end of time  
Only with you I'm in paradise  
Paradise  
The last time I saw you  
I couldn't look you in the eye  
We whispered our final words  
Who knew they would only hurt us?  
And I wish you could see it now  
That you were all I cared about  
I never meant to leave you out  
And let you think I'm fine without you  
But maybe in another world  
We found what we needed first  
I don't wanna say goodbye  
Guess I'll see you in the afterlife  
I'll wait 'til the end of time  
I'll wait 'til the end of time  
Only with you I'm in paradise  
Paradise  
Je reste là, à rêver  
Que tes mots viennent me toucher  
Et tout ce qui me fait vibrer  
C'est l'amour que tu sais donner  
Tes yeux qui m'illuminent  
Tes baisers qui me fascinent  
La douceur de tes bras  
Et combien je veux être là  
Toujours avec toi  
Cœur à cœur près de toi  
Si seulement tu savais  
Tout ce que mon coeur promet  
Scary it is  
For me to be here  
Exciting beginnings  
I love you
