

# Is This Love To You

Bryant Barnes

I can't imagine us after what we've turned out to be  
I can't imagine us ten years from now  
Is my heart not enough to keep you right here next to me?  
It's just not what it was, you're pushing me out

Oh the way that we are falling ain't the same  
Is this love to you?  
Is this what you choose?  
How did you become so heartless so soon? (So soon)  
I can never ask for something more  
If this is love to you  
(No-oh)  
(Oh-ooh)  
(Ooh-oh)

Why am I still in love hoping to be the one you need?  
Why am I still in love? You're letting me down  
And who have I become letting you come back when you leave?  
It's just not what it was, I'm wondering how

Oh the way that we are falling ain't the same  
Is this love to you?  
Is this what you choose?  
How did you become so heartless so soon? (So soon)  
I can never ask for something more  
If this is love to you  
(No-oh)  
(Oh-ooh)  
(Ooh-oh)

I can never ask for something more  
If this is love to you
