

Priceless

Bryant Barnes

It's spiritual
How you make all of my dreams come true
Invisible
Got a string pulling me back
To you
Diamonds and chains
They don't mean nothing, I'll throw them in flames
Money can't buy what is in front of me
You're one of one, can't be replaced

Oh
I want you for life
Can it be timeless?
Nothing compares to you and I
Baby, that's right
What we have is priceless
Baby, I want you for life

No
Hmm
Maybe we can raise the tempo
Sing until we're out of echoes
Hit a different type of high
Love you 'til I'm not alive
Take it to another level
I don't ever wanna let go
Don't you know that I'm designed for you?

I want you for life
Can it be timeless?
Nothing compares to you and I
Baby, that's right
Our love is priceless
Baby, I want you for life

For life
For life
Baby, I want you for life
For life
Our love is priceless
