

Nasty

Bryce Fox

She don't like moving too fast, that's why
It turns me on she says do better
She makes the sexy outlast, she wanna bring it back to back and got new levels
She loves it when I dress her up in sweat
Light a candle cuz she loves the smell of sex
Ooh, she make it look easy
She like it when she make me stop breathing

I love ya
I love ya
I love the way you make it so nasty
I love the way you make it so nasty
I love the way you make it so sick
I love ya
I love ya
I love the way you make it so

So naughty so nice, got us doing things that'll prolly kick us out of heaven
Scream and hold tight, modern day rocket queen takes it back to '87
She likes to go hard then relax
Go ahead baby, tilt your head back, ooh
She wanna exercise her demons
What better way to work out your feelings

I love ya
I love ya baby
I love the way you make it so nasty
I love the way you make it so nasty
I love the way you make it so sick
I love ya
I love ya
I love the way you make it so

She keep it coming
So keep it coming
She keep it coming
So keep me coming

I love ya
I love ya
I love the way you make it so nasty
So sick
I love the way you make it so nasty
I love the way you make it so sick
I love ya
I love ya
I love the way you make it so
