

# The Monster

Bryce Fox

If you wanna bomb with the people  
Get dumb with the people  
Get strung with people not me  
Tryna get along with the people  
Not fond of the people  
Got hung by the people  
Don't sleep

I say  
My God  
No laws  
Simple man grown to a monster  
Don't start  
If you can't stop  
If you can't stop

Monster  
I feel like a  
I'm a monster  
I feel like a  
Monster

Sound off in the brain  
Ain't nobody do a thing  
Something gotta be wrong with the world  
Let's start a new reign  
That DNA change  
It's the motherfuckin' jailbreak, uh

My God  
No laws  
Simple man grown to a monster  
Don't start  
If you can't stop  
If you can't stop

Monster  
I feel like a  
I'm a monster  
I feel like a  
Monster  
I feel like a  
I'm a monster  
I feel like a  
Monster

Oh my God what the fuck  
What the fuck is going on  
What am I doing  
I can't understand it, ha  
I feel like a, ha  
I feel like a, ha  
I feel like a  
I feel like a monster  
I feel like a monster

Hey

Wooo, haha  
I feel like a monster  
I feel like a monster
