

Alone With You

Bryce Savage

She look pretty with no makeup on
She prove them haters wrong
She got a look for the masses, call her Saint Laurent
Yeah she don't stay for long
Nah she don't play she gone
Ain't got no time for games, she's looking for where she belongs
Ooooh, I just wanna be alone with you
Ooooh, I just wanna do things with you

She's got green eyes, yeah they sparkle when the sun shines...
And she likes to get high in her free time
Butterfly tattoos, that's a good sign
Sunset, she a view, perfect design...
Cartoons make her laugh at night
Rick and Morty, adventure time
Eating cereal to fight the hunger from the weed and wine
Head buzz
She a dime
Funny when she tipsy fine...
I just love to see her smile...

She look pretty with no makeup on
She prove them haters wrong
She got a look for the masses, call her Saint Laurent
Yeah she don't stay for long
Nah she don't play she gone
Ain't got no time for games, she's looking for where she belongs
Ooooh, I just wanna be alone with you
Ooooh, I just wanna do things with you

She a 10 all around from a small town
But she can throw down with the best pound for pound
She a keeper now
She look good in a sundress
Or when she's undressed
She got them feeling like they're obsessed
She's a little gamer girl
Stuck in side a gamer world
She likes switching up her hair
Different colors everywhere
She don't like anyone else
Except for him, she likes his smell
Always doing little spells
Does'em when she's by herself...

And she don't like to stay sober
She just likes coming over
Two lovers turned to loners
Under the covers getting closer...
She's been through some tougher times
But she worked thru it and now everything is better fine
She found her person who's obsessed with her and her design
And they will grow together old until the end of time...

She look pretty with no makeup on
She prove them haters wrong
She got a look for the masses, call her Saint Laurent

Yeah she don't stay for long
Nah she don't play she gone
Ain't got no time for games, she's looking for where she belongs
Ooooh, I just wanna be alone with you
Ooooh, I just wanna do things with you
