

## Devil In Her Eyes

Bryce Savage

She got the devil in her eyes, but they're pretty in the light  
Even prettier at night, like a city full of lights  
And she a ride or die for a man she likes  
If we don't make it out alive, see you on the other side

Pretty little tattooed body what a perfect view  
And she likes to be extra naughty when she's in the mood  
She got those bright eyes in the night, a hidden thigh tattoo  
So we'll go tire out our bodies 'cause that's what sinners do

She got the devil in her eyes, but they're pretty in the light  
Even prettier at night, like a city full of lights  
And she a ride or die for a man she likes  
If we don't make it out alive, see you on the other side

She gon' kill me with those bedroom eyes  
She likes to put on a show  
And her body keeps me up at night  
We never could take it slow  
I knew her in another life, some other nights  
She's warm like a summer drive, I feel alive  
A storm when the lightning strikes, a fire lights  
Reborn in our current life, our stories tied  
She looks good in the moonlight  
Dark yet bright looking good, lookin' too nice  
She make me wanna go all night  
Wanna go until the sunlight  
Back full of tats God, I like it like that  
She bad, so bad never give a heart back  
She a trap, no cap every soul she's had  
Fall hard fall fast, with a heart all black, oh  
To be loved by her  
Something like a perfect curse  
Put our souls in a hearse

Pretty little tattooed body what a perfect view  
And she likes to be extra naughty when she's in the mood
