

## Die 4 U

Bryce Savage

I would die for you  
Give my life for you  
Take a bullet or a knife in my side for you  
Cuz I can't hide the truth  
All that I would do  
Just to have one night by the side of you  
I'll give you all that I got  
Don't fuck it up or I'm gone, oh  
Cuz I would die for you  
Give my life for you  
Take a bullet or a knife in my side for you, oh

Fell in love, to the touch, we won't be the same  
Last night was a night I would never change  
Two cups filled up just to numb the brain  
Butterflies drowned out by tequila drinks  
Boots with the dress  
He was obsessed  
He couldn't guess  
But she was feeling nervous  
Nothing suppressed  
Talked and undressed  
Remember every breath...

I would die for you  
Give my life for you  
Take a bullet or a knife in my side for you  
Cuz I can't hide the truth  
All that I would do  
Just to have one night by the side of you  
I'll give you all that I got  
Don't fuck it up or I'm gone, oh  
Cuz I would die for you  
Give my life for you  
Take a bullet or a knife in my side for you, oh
