

# E-Girls Are Ruining My Life!

Bryce Savage

She's a freak, little bad hoe  
Gaspere told me, "Kill it"  
I said, "Let me grab my Death Note"  
She pulled me in like a lasso  
Sayin' that she love me, I don't even know her @ though  
Choke me like you hate me, but you love me  
Low-key wanna date me when you fuck me  
Touch me with the lights off and my chains on  
Baby, I'm not the right one you should wait on

Ain't no daddy issues? Then I won't even bother  
She say I kill her cat like I'm Luka Magnotta  
A real bad bitch, body bald like Saitama  
They used to hate me, now they want me, bitch, I feel like I'm  
Gaara  
Oh, girl you fuckin' with a wrong one  
Fuck his team, fuck your clip, bitch, I'm on one  
Fuck your stream, fuck your clip, you ain't saw one  
Got your bitch on my dick like she want one

And she got Death Note, dead souls, split dye, chain cold  
Think I fell in love when she said grab me by the neck, though  
All through the night, colder than ice  
Man, I swear these goth girls finna fuck up my life
