

Freaky

Bryce Savage

She look sweet but underneath she got a freaky little side
She's a keeper cuz her features are just all one of a kind
You can see it in her eyes
Got those secrets that she hides
Got a dirty little mind
She's so perfectly designed
Once you see her damn it's over
She don't rent na she the owner
She so dark call her October
Got the body of a donor
I just wanna be inside
I just need her for a night
She deserves to be a freak
I know that I could treat her right...

Yeah she a baddie
A little bratty
But it's all good cuz she a savage
That call me daddy
I gotta have it-
She ain't easy believe me
But if she likes you she freaky
Got sexy eyes lookin sleepy
She'll give you just what you're needing...

And we like, late nights
Turn off the lights
All black, red stripes
Soft legs my type
One hit, get high
Two more, just right
Don't stop, she ride...

She look sweet but underneath she got a freaky little side
She's a keeper cuz her features are just all one of a kind
You can see it in her eyes
Got those secrets that she hides
Got a dirty little mind
She's so perfectly designed
Once you see her damn it's over
She don't rent na she the owner
She so dark call her October
Got the body of a donor
I just wanna be inside
I just need her for a night
She deserves to be a freak
I know that I could treat her right...
