She always down for a risk, always down for the taboo

Got the one on the ceiling, hope that shit don't fall  
When he breaking her back  
Damn she like that  
Head board shaking with the music full blast  
Yeah they never hold back  
Two souls on the mat  
Switching they positions till they feel the climax

Yeah he know what she likes  
He know what she needs  
She open her mouth, he know just what to feed  
Baby look good when she down on her knees

But she look even better when she up underneath  
He makes her feel free  
To be naughty  
She likes when he acts just a little cocky  
They own this room, yeah they do what they please...
