

# Stab Me In The Back

Bryce Savage

Spread  
Like a weed you spread  
All throughout my head  
I just need some rest  
And maybe you could save me  
I feel a little crazy  
I hope you feel the same as me  
I know there's no escaping

Like a chord to a song  
And a right to a wrong  
Life is short make it long  
I just want to belong  
Like a dress worn to prom  
Never used more than once

And I don't know  
How to let go  
And I won't go  
If you say so  
I'm obsessed oh  
I can't let go  
'Cause you could stab me in the back, and I'd still want you so bad

And I don't know  
How to let go  
And I won't go  
If you say so  
I'm obsessed oh  
I can't let go  
'Cause you could stab me in the back, and I'd still want you so bad

I need something to take me  
From this life that's not mine  
I need to smoke but that makes my  
Heart go straight to my mind  
I wanna stay in tonight  
And feel you by my side  
Baby girl

Like a chord to a song  
And a right to a wrong  
Life is short make it long  
I just want to belong  
Like a dress worn to prom  
Never used more than once

And I don't know  
How to let go  
And I won't go  
If you say so  
I'm obsessed oh  
I can't let go  
'Cause you could stab me in the back, and I'd still want you so bad

And I don't know  
How to let go

And I won't go  
If you say so  
I'm obsessed oh  
I can't let go  
'Cause you could stab me in the back, and I'd still want you so bad
