

# Grow Up

Bryce Vine

I don't wanna grow up  
I don't wanna slow down  
Down, down, down, down

So just turn it up and keep it goin'  
Time is moving too fast  
Think I need to slow it  
Only gettin' one shot  
Think I need to pour it  
Glass half full  
I'm just tryna overflow it  
Party too hard  
Well at least we did something too much  
Live a lie  
Well at least it's with the 'migos I trust  
I want all fun and games  
Til I'm dead in the dust  
It's all love hmm then again maybe it's lust

So even when I'm gone gone gone  
I ain't really gone gone gone  
My memory lives on on on  
Stay young forever

I don't wanna grow up  
I don't wanna slow down  
Down, down, down, down  
I don't wanna grow up  
I don't wanna slow down  
Down, down, down, down

I'm rolling up a postcard  
I found in my closet  
Made me think of way back when

When we were never sober  
Til I got my first hangover  
Remember what you said

Even when I'm gone gone gone  
I ain't really gone gone gone  
My memory lives on on on  
Stay young forever

I don't wanna grow up  
I don't wanna slow down  
Down, down, down, down  
I don't wanna grow up  
I don't wanna slow down  
Down, down, down, down

I don't wanna grow up  
I don't wanna slow down  
I don't wanna grow up  
I don't wanna slow down
