

# Moonrock

Bryce Vine

I don't really— oh, yeah I do

Come down, crash with me at the new spot  
Press play on me, baby, I'm a boombox  
Watch stars, we can count 'em from the rooftop  
Your touch got me higher than a moonrock  
Come down, crash with me at the new spot  
Press play on me, baby, I'm a boombox  
Watch stars, we can count 'em from the rooftop  
Your touch got me higher than a moonrock

Your touch got me higher than a moonrock  
Your touch got me higher than a moonrock  
Your touch got me higher than a moonrock  
Your touch got me higher, higher, higher

I'ma sleep it off, off  
With you in my arms, arms  
And we'll do it again, again, again  
Again, again, again  
I'ma sleep it off, off  
With you in my arms, arms  
And we'll do it again, again, again  
Again, again, again

I just want you, baby, I don't need nobody else, yeah  
Gotta show you off, but later keep you to myself, yeah  
I'll supply the room if you just occupy the space  
Slow it down a moment for the place (Okay, okay, okay)  
I just want you, baby, I don't need nobody else, yeah  
Love to show you off, but later keep you to myself, yeah  
Got a room and you can occupy the space (That's cool, yeah, cool)

Come down, crash with me at the new spot (Ooh-ooh)  
Press play on me, baby, I'm a boombox (Ooh-ooh)  
Watch stars, we can count 'em from the rooftop (Ah-ah)  
Your touch got me higher than a moonrock (Ah-ah)  
Come down, crash with me at the new spot (Ah-ah)  
Press play on me, baby, I'm a boombox (Ah-ah)  
Watch stars, we can count 'em from the rooftop (Ah-ah)  
Your touch got me higher than a moonrock

Your touch got me higher than a moonrock  
Your touch got me higher than a moonrock  
Your touch got me higher than a moonrock  
Your touch got me higher, higher, higher

I'ma sleep it off, off  
With you in my arms, arms  
And we'll do it again, again, again  
Again, again, again

Ah, ooh-ah  
Ooh-ah, ah-ah, ah-ah  
Come down, crash with me at the new spot (Ah-ah)  
Press play on me, baby, I'm a boombox (Ah-ah)  
Watch stars, we can count 'em from the rooftop (Ah-ah)

Your touch got me higher than a moonrock (Mm)
