

Stay Afloat

Bryce Vine

Too far from home
Think fast too slow
Busy staring at the stars reflection
I never felt the water
Til it starting to sink in

All I do is stay afloat
I swim good
I don't even need a boat
I swim good
I...
Go coast to coast
I don't even need a boat
All I do is stay afloat (yea yea yea)
All I do is stay afloat

Got a pocket full of magic yea
And My phone is full of cracks
8 ball in a sack
Held together by a rubber band
Yea I party home alone
So don't ask me what the plan is
I...
Don't go swimming with no sharks
Stay above I don't go wish upon a star
Waving when the current pulled me under
Well at least I got this far

All I do is stay afloat
I swim good
I don't even need a boat
I swim good
I...
Go coast to coast
I don't even need a boat
All I do is stay afloat (yea yea yea)
All I do is stay afloat

Too far from home
Think fast too slow
Busy staring at the stars reflection
I never felt the water
Til it starting to sink in

All I do is stay afloat
I swim good
I don't even need a boat
I swim good
I...
Go coast to coast
I don't even need a boat
All I do is stay afloat (yea yea yea)
All I do is stay afloat
