

Date You For Christmas

Brye

Somethin' about gettin' all bundled up
And drinkin' hot cocoa with my family
Has me thinkin' about you
I wait by the phone while we decorate our Christmas tree
At least it keeps my hands busy
All I wanna do is call you right now

How fun would it be if you came with me?
Drove around, maybe caught a tree lighting?
I know I'm gettin' ahead of myself
This kinda thing is all about timing
But I want to get to know you
Warmin' up in my car
Want someone to come home to
When it's 4 p.m. and gettin' dark
I already know exactly what's on the top of my list
I wanna date you for Christmas

Somethin' about walkin' downtown and window shoppin'
Has got me thinkin' and got me plottin'
'Bout what I should get you
Baking cookies with my mom
While I'm wishin' you were here
I guess I might see you next year
But all I wanna do is see you right now

How fun would it be if you came with me?
Drove around, maybe caught a tree lighting?
I know I'm gettin' ahead of myself
This kinda thing is all about timing
But I want to get to know you
Warmin' up in my car
Want someone to come home to
When it's 4 p.m. and gettin' dark
I already know exactly what's on the top of my list
I wanna date you for Christmas
