

Ode To A Recession

Brye

(I don't know if I will ever afford one)
(I don't know if I will ever afford one)

I wanna buy a house
I wanna own a home
I wanna mow the grass
When it gets overgrown

I wanna have a place
Deal with an HOA
Have a bad day and come back
To decompress in my own space

But I don't know if I will ever afford one
I don't know if I will ever afford one

I wanna have a kid
I wanna be a mom
I wanna re-learn how cartwheel
Out on our lawn

I wanna name them Sam
I wanna raise them well
I wanna take to us to the beach
And search for every shell

But I don't know if I will ever afford one
I don't know if I will ever afford one
I don't know if I will ever afford one
I don't know if I will ever afford one

I wanna buy a house
(I don't know if I will ever afford one)
I wanna own home
(I don't know if I will ever afford one)
I wanna have a kid
(I don't know if I will ever afford one)
I wanna be a mom
(I don't know if I will ever afford one)
