

# Shapeshifter

Brye

I'll make myself minuscule  
As to not get in the way  
And while you throw your tantrum  
I get crushed under your weight

I lose myself, drown in your wake  
My mental health, can't catch a break  
I build you up, you tear me down  
I wear your chains, you steal my crown

Shapeshifter (I'm not I'm not)  
A shapeshifter (I'm not I'm not)  
Up and down and back and forth we go  
I didn't see it then, but now I know  
I'm not a shapeshifter

You're never the bad guy  
In your mind, you're always right  
And while you sit on your high horse  
You block out all the light

I lose myself drown in your wake  
(Shapeshifter)  
My mental health can't catch a break  
(Shapeshifter)  
I build you up you tear me down  
(Shapeshifter)  
I wear your chains you steal my crown  
(Shapeshifter)

Shapeshifter (I'm not I'm not)  
A shapeshifter (I'm not I'm not)  
Up and down and back and forth we go  
I didn't see it then, but now I know

From now on I accept the love I give  
It holds it's shape, doesn't mold me til I fit

From now on I accept the love I give  
It holds it's shape, doesn't mold me til I fit

From now on I accept the love I give  
It holds it's shape, doesn't mold me til I fit

From now on I accept the love I give  
It holds it's shape, doesn't mold me til I fit

Shapeshifter (I'm not I'm not)  
A shapeshifter (I'm not I'm not)  
Up and down and back and forth we go  
I didn't see it then, but now I know

I'm not a shapeshifter
