

Take my hand

Brygada Kryzys

You say I'm so high
say you can't reach the sky
take a good look around
I'm standing on the ground

next to you
hold me tight
and fly with me till we
reach the sky
hold me tight
and fly with me till we
reach the sky
take my hand
and dance with me till we

reach the end
take my hand
and dance with me till we
reach the end
together
take my hand, hold me tight
take my hand, I'll take you thru' the night
