

## Voices in the Sky

Brymir

Acknowledge my offer  
My soul upon the altar  
The essence that flows from within me  
My secrets, irrational fears  
Overflowed with blight and sin  
My offer is solemn, so grand  
Just take it all - my heart in your hands  
From inner anguish my passion is torn  
All atonement I'll endure

Let my spirit soar  
Soon I'll be no more  
Free my haunted soul  
Still bound by mortal coil  
Take my sacrifice  
Gates of paradise  
Anointed

I want to sing with the Gods  
Our voices in the sky

Acknowledge the power  
Of limitless ambition  
The kind to conquer the world to submission  
Join our conquest, our restless campaign  
Ravaging this dark domain  
From dormant embers a fire runs wild  
Tenacious willpower and undying pride  
Fervent, we stand in the eye of the storm  
Bracing for the coming war

Let my spirit soar  
Soon I'll be no more  
Free my haunted soul  
Still bound by mortal coil  
Take my sacrifice  
Gates of paradise  
Anointed

Our voices in the sky  
Now sing with Gods

Let my spirit soar  
Soon I'll be no more  
Free my haunted soul  
Still bound by mortal coil  
Take my sacrifice  
Gates of paradise  
Anointed
