

## Cheap Wine

Brymo

Don't bring me down  
I'm floating over the clouds  
These greens and stout  
Is taking over the house

Shey we no know  
Where we dey go  
But we no know  
Where we're coming from  
My teacher say the story long  
Aah, and so we dance all night

I'm just a young man  
From a small town  
Me and my people  
We love the good times  
You see the good times  
They never come  
We take the bad one  
We drink our cheap wine  
Yo da, yo da, yo da fun mi

We're too young to matter  
You're too old to bother  
So take your history with you  
We go borrow from yonder

See we no know  
Where we dey go  
We no know where we're coming from  
My teacher say the story long  
And so we dance all night

Just a young man  
From a small town  
Me and my people  
We love the good times  
You see the good times  
They never come  
We take the bad one  
We drink our cheap wine  
Yo da, yo da, yo da fun won

See we no know  
Where we dey go  
Shey we go know  
Where we're coming from  
The more we learn, we go fit dey strong  
Bring your friends along  
Yo da, yo da, yo da fun wa
