

Do You Ever Miss Me

Brymo

Oloo m'oni e, mo ni 'soro
Amo ife mi le, o le, ju ogun ol'oro
Oloo Ife re sha ni koko
Aye yi o le, omo eniyan lo soro
Mo duro d'ege o, mo wo eni kan se
T'ori iyen k'ere o

Never been the type to get carried away
I rather carry you on my back no matter the weight
It was a party for me when you parted the waves
I walked into my path I was partly enslaved
To my addictions, musicians part of the craze
You found me when lost and pardoned my ways
But what's love without a little misbehaving
Let's do all the things we craving run naked while it's raining
Substances to numb the pain and fast lane in the range and
Pour milk and honey on your body cos it's Canna
Rain man never miss my aim and
I came and you came too the kingdom of heaven came down
This is our playground only if you stay down
Only if you put it on me every time I lay down
We can just vacate now somewhere in a safe town
Tell me know what you wanna do all you got to do is say now

Oloo m'oni e, mo ni 'soro
Amo ife mi le, o le, ju ogun ol'oro
Oloo Ife re sha ni koko
Aye yi o le, omo eniyan lo soro
Mo duro d'ege o, mo wo eni kan se
T'ori iyen k'ere o
Duro dege, ma se je k'an ge e l'ege
Ko gbe e s'are, wan k'ere o

Wasn't this amazing but you keep complaining
Everyday I'm praying cos your standing in my way and
Take this affliction fighting my addiction
An overdose of you I can't remove you from my system
But you never listen Pardon my intuition
Decisions were inefficient and it felt like competition
Felt like love was missing felt like you were distant
Even though you were closer than you ever been, listen
I just want walk into the kitchen while you're cooking
Put you on sink and put this raw meat in your dishes
This is just me thinking cos you would never visit
It's tearing me apart they try to put me back in stitches
It's tearing you apart let me pay you back with kisses
A penny for thought I'm asking do you ever miss me
Do you ever miss me
Always on my mind if you wanna reach me... simply

Oloo m'oni e, mo ni 'soro
Ife mi le, o le, ju ogun olo'oro
Oloo Ife re sha ni koko
Aye yi o le, omo eniyan lo soro
