

## Down

Brymo

Something dey go round town  
People dey go downtown  
Some people dey stand around  
You wanna know, go downtown  
Them say the Chief  
E dey sleep with the thief wife  
Aboki for corner  
E dey sleep with the chief wife  
The neighbor daughter, carry belle for the thief child

Rere run  
O run

Something dey go round town  
People dey go downtown  
The world is spinning round round  
The world is going downtown

People dey go uptown  
Anyway anyhow now now  
Chop your own and clean mouth now  
We print and loot and share around  
Them say the priest  
E dey pray for the thief  
Shadaka for Allah  
Blood for the spirit  
People no bother  
Dem they wait on the Lord fa!

Rere run  
O run

Something dey go round town  
People dey go downtown  
The world is spinning round round  
The world is going downtown

Something dey go round town  
People dey slam head for ground  
Dem say garri still cost for town  
Few people dey smile  
More dey frown
