Golden Eyes

Brymo

Golden eyes
It came to my dreams and I realize
And the stars that shine at night
And the eyes they shine so bright
Golden eyes
It was yesterday without the pain arrived
And the memories of loss

You hung me in my sleep and it hurts
What I'd give to forget about you
If I had wings I will fly away from you
What I'd give to forget about you
If I had wings I will fly away with you

Golden eyes
It came to my dreams and I realize
And the stars that shine at night
And the eyes shine so bright
Golden eyes
It was yesterday without the pain arrived
And the memories of loss
You hung me in my dream and it hurts
What I'd give to forget about you
If I had wings I will fly away from you
What I'd give to forget about you
If I had wings I will fly from you
