

# Happy Memories

**Brymo**

Me and you  
With two of guy  
We're out of our minds  
There ain't no love like ours

I have nowhere to go  
You have nothing to do  
I know you want me so  
You know I need you too  
I am lost without you  
And you have nothing without me

You give me happy memories  
And I give you happy memories  
If you bring me happy memories  
And I'll be your happy memory

This match is true  
I'll do anything for you  
It's a life of sin  
I'm only good when I'm with you

I have nowhere to go  
You have nothing to do  
I know you want me so  
You know I need you too  
I am lost without you  
And you have nothing  
(No no no) without me

You give me happy memories  
And I give you happy memories  
If you bring me happy memories  
And I'll be your happy memory
