Brymo

Jungle fever  
The people sleep ah  
They lead aluta  
The people shout aluta  
Jungle fever  
No pay for teacher  
More pay for speaker  
The people shout aluta (aluta!)

Check your time  
It's free yourself o'clock  
I dey for work, I dey find wetin to chop  
If you do your own, we go get enough to chop  
Dem other people no care if we no chop

Shey you dey feel the fever (I dey feel the fever)  
You feel the fever (I dey feel the fever)  
Shey you dey feel the fever (I dey feel the fever)  
You feel the fever (I dey feel the fever)

Don't touch the preacher  
Them other tribes inferior  
Those people na unbelievers  
The people start to scatter  
For jungle fever  
Some dey seek the visa  
Some dey sell the visa  
We looking for a flag that's greener
