

Messiah Complexes

Brymo

I've been thinking
Maybe I should stop thinking, oh
My mind's been playing this tricks on me
And I can't think clearly, no
All these blessings all around me
And I still complain and all
Cause it feels like, I'm drowning
Yet I'm still afloat and all
While I keep asking
I have everything at home
So I'm grateful, I mean
Can't see past myself

So I slowed, down
Dropped all my worries I'll be fine
And we'll be all right
So oh come over
Let's make love let's do it right right
Tonight
Oh, come over
We'll be all right, you'll see

These days I don't see news
It's bought and paid for all
The media has sold its soul
The world was weakenin' us all
Yet I don't give two kobos
If it all goes to flame and all
I just hold tight and take flight
With the ones I love the most

So I slowed, down
Dropped all my worries
I'll be fine
And we'll be all right
So come over

Let's make love let's do it right right
Tonight
Oh, come over
We'll be all right you will see
Tonight

Oh, come over
Let's make love let's do it right right
Tonight
Oh, come over
We'll be all right, you will see
