

# Money Launderers And Heart Breakers

Brymo

I want to go a place ain't been before  
To meet all the people ain't seen before  
I want to see the world for the love  
With every pretty woman I meet

But everything is so temporary  
They love you now and they judge you later  
Everything is so ordinary  
We pretty outside but we are ugly inside ooo

Me my friends  
We are money launderers and heart breakers  
And all we do is  
Win win  
We grinding when you  
Sleep sleep  
And all we do is  
Win win  
We grinding when you  
Sleep sleep

I want to fall in love like I did before  
To touch and to hold like we did before  
Love is illegal love is a drug  
And you're the only woman I need  
But everything is so temporary  
You love me now and you judge me later

Everything is so ordinary  
Am pretty outside and am rotten inside ooo  
Me my friends  
We are money launderers and heart breakers  
And all we do is  
Win win  
We grinding when you  
Sleep sleep  
And all we do is  
Win win  
We grinding when you  
Sleep sleep  
And all we do is  
Win win  
We grinding when you  
Sleep sleep
