All over em' girls

Swagging, that's my passion

Very soon official in stores
But this shit don't feel special no more
Feeling the pressure like never before
But that nigga stuff I've ever record
I keep pressing forward

And I'ma do my thing
Keep spitting 'on stop
Ma' a Luther King
And them go hear me out
When the lights go out them go cheer me out
And them go hear me out, yeah

And now, now, today
Now, now, I pray
For me, for you
And everything that you do, now, now
Now, now

And now, now, today
Now, now, I pray
For me, for you
And everything that you do, now, now
