

## Ozymandias

Brymo

I used to have two vices  
Smoking Jane and eating coochie  
These days I just lose the count  
The universe is generous  
The high is glorious

Ozymandias  
Ozymandias  
History forgets all Ozymandias  
Ozymandias  
Ozymandias  
Hubris destroys us Ozymandias

And their hypocrisy  
How I know the rules easy  
And how I break them as I choose  
Taking her love and keeping her confused

Ozymandias  
Ozymandias  
History forgets all ozymandias  
Ozymandias  
Ozymandias  
Hubris destroys us ozymandias

And the people shall no longer  
Settle for mediocre systems  
And all streets are singing  
Songs about anarchy and all

It's time for the new  
The old rule must go
