

## Purple Jar

Brymo

Kere oh!

Kere

I like to eat my cake and have it  
I sex my girl she liked it  
I thought I was the psychic  
Until she catch me with my sidechick  
Now I'm running home with no shoes on  
I dey ja like say I thief condom  
She no go gree, o fariga  
I loved and cared for you, o tuleka  
Someday when this is over  
When you will look back  
You go remember

We almost had it all  
We almost had it all  
We almost had it all  
We almost had it all

I'll take the memories  
The car and the purple jar  
Tell everyone that I'm gone  
I burnt the bridges down  
I'll keep my shoes on  
I'll keep my shoes on

You're all I need precisely  
But two wrongs never make a right  
And half of my heart has gone famous  
Half of my heart could never trust you

Someday, when this is over  
When you will look back  
You go remember

We almost had it all  
We almost had it all  
We almost had it all  
We almost had it all

I'll take the memories  
The car and the purple jar

Tell everyone that I'm gone  
I burnt the bridges down  
I'll keep my shoes on  
I'll keep my shoes on
