

Time Is So Kind

Brymo

They tell you to show some gratitude
Their voice is reeking with the discontent
Hey man need a stool
Some people try to take contro oh ol
We are God's particles
Each on its own path
And we all collide
We all get sad

We all blind
Blind blind
And time is so kind
Kind kind
And everyone's lost nobody's found
But time is so kind
Kind kind

Don't mistake what is fun for what is good
My father used to tell it when I was a child
Hey boy gat to choose
The lonely ought to be alone
And we are God's particles
Each in it's own path
And we all collide, we all get sad

We all blind
Blind blind
And time is so kind
Kind kind
And everyone's lost nobody's found
But time is so kind
Kind kind

I know it don't make no sense
To you
How I just rain like a cloud
It's true
And everyone's asking me to slow down
It's a cruise
The world that we living in
I'm living in it like you

We all blind
Blind blind
And everyone's lost nobody's found
But time is so kind
Kind kind
