

# Tomorrow

Brymo

All your problems temporary  
You go succeed miraculously  
Make you no hold back glory, with envy  
As I defeat my foes and frenemies  
I no go let the bad economy  
I go rejoice with friends and families, normally

Make you keep eyes for tomorrow  
Fowl wey dey alive go chop corn oh  
Reconcile yesterday with today oh  
Make you look inside you for way oh

Trouble come and trouble go oh  
Solve the problem wey you know oh  
Things go fall in place I know  
Forward ever just dey go

Get out of your own way  
Make you no burn down your own name  
Take a small advantage only  
For your own sake  
Enemy within lonely  
It could grow to monster slowly  
Make you no tow away your glory  
Make you no let dem tell the story

Make you keep eyes for tomorrow  
Fowl wey dey alive go chop corn oh  
Make you look inside you for way oh  
Reconcile yesterday today oh

Wahala come, wahala go oh  
E fit to break body and soul oh  
Things go fall in place I know  
Backward never make we go  
Trouble come and trouble go oh  
Solve the problem wey you know oh  
Things go falls in place I know  
Forward ever just dey go

(Ohhhh ohhhh)  
Forward ever just dey go  
(Ohhhh ohhhh)  
Forward ever just dey go  
(Ohhhh ohhhh)
