

# Winifred

Brymo

Give it up for winifred, she knows  
Her heart is made of gold  
She held the ropes so long... I know  
Up for winifred, she shows  
She gave her all it shows  
So full of soul it shows...

Don't you ever doubt about it  
And every eye sees you are about it  
Up for winifred it shows...  
You're stronger than you show, I know

Give it up for winifred she knows  
The world may turn so cold  
And no one wants to be alone  
Emboldens and lifts my heart to see  
You are stronger than defeat

You made it for your own...

Don't you ever doubt about it  
Your heart is made of gold I know it  
Hey dear mama you know  
You made it for your own I know...
