It's the son of a carpenter  
Son, son, son, son of a carpenter  
La-la-ladies

It's the son of a carpenter  
The son of a carpenter  
Car-carpenter  
Car-carpenter  
It's the son of a carpenter

She say she likes the style  
And so I went in town, I bought her the sky  
She likes to fly  
I gave her wings and then I told her to try

And when she smiles, I laugh  
And when she frowns, I cry  
If she no chop, I no go sleep  
See, everything I'll do, I'll do for we

I'll build my world, my whole thing around her  
She be like air, no fit breathe without her

Baby, you know say na your love  
You know say na your love  
Shebi you know say na your love  
You know say na your love

Baby, you know say na your love  
You know say na your love  
Shebi you know say na your love  
You know say na your love

And today, we go celebrate  
This love you dey generate  
I'm feeling weightless  
You got me speechless

For your kiss, I just dey salivate  
Salivate  
For your kiss, I just dey salivate  
For your kiss, I just dey salivate

I'll build my world, my whole thing around her  
She be like air, no fit breathe without her

Baby, you know say na your love  
You know say na your love  
Shebi you know say na your love  
You know say na your love

Baby, you know say na your love  
You know say na your love  
Shebi you know say na your love  
You know say na your love

Salivate

For your kiss, I just dey salivate  
For your kiss, I just dey salivate  
Son, son, son, son of a carpenter
