

Love You In My Mind

Brynn Cartelli

Is it cool if I keep it quiet?
For the sake of my heart, it's better if I hide it
'Cause love is a thing you feel, not a thing you say
And I don't wanna give it all, give my thoughts away
Oh, but it's so tempting when I look into your face
I can't do this, no, not today

Can I just love you in my heart, love you in my mind?
Do I have to find the guts to say it to your eyes?
Can I just love you in my heart, love you in my mind?
'Cause that's where we as stars align

Is it wrong if I try to fight it?
I wanna be the seed that plants your smile
But I have to hold back, I have to resist it
I haven't spoken for myself in a while

Can I just love you in my heart, love you in my mind?
Do I have to find the guts to say it to your eyes?
Can I just love you in my heart, love you in my mind?
'Cause that's where we as stars align

My strategy is failin', you don't even know my name
And I'm scared one day we'll wake up
And none of this will be the same
But I'll have ten songs about you
An album or tunes that you won't ever listen to
And I will pick up a broom and I'll dance around my room
But I won't ever talk to you

Can I just love you in my heart, love you in my mind?
Do I have to find the guts to say it to your eyes?
Can I just love you in my heart, love you in my mind?
'Cause that's where we as stars align, oh
Can I just love you in my heart, love you in my mind?
I have to find the guts to say it in your eyes
To love you in my heart, love you in my mind
'Cause I can only see, I can only see you as mine
Oh, I can only see you, I can only see you
I can only see you as mine

So is it cool if I keep it quiet?
