

# Please Don't Love Me

Brynn Cartelli

The words he says to me are sweet  
But behind, his tone may seem so bitter  
If he would've come back down  
Would he stay here or would he go out and get her?  
He can really be a pain  
He don't waste a minute talking 'bout himself  
And it messes with my brain  
Taking all the things down on my shelf

He knows I don't love him  
He says it's alright  
I just don't care for his face  
He wonders why I only call at midnight  
I don't wanna see him in the day

Complain about me, do you know pain?  
'Cause it would sound a lot better in this song  
And I don't mean to be rude but I don't wanna talk  
I don't wanna talk all night long  
Please don't love me  
Please don't love me  
Please don't love me  
Please don't love me  
Please don't love me, baby, please  
Yeah, woah

[?] hits me now  
'Cause I know how bad he wanted to keep me  
He's such a writer from a small town  
Sings a verse and things and girls come easy

He knows I don't love him  
I'm not even sorry  
I think I fell for a character  
He wonders why I only call at midnight  
I don't wanna see him, see him  
Or go back, go back to what we were  
Yeah

Complain about me, do you know pain?  
'Cause it would sound a lot better in this song  
And I don't mean to be rude but I don't wanna talk  
I don't wanna talk all night long  
Please don't love me  
Please don't love me  
Please don't love me  
Please don't love me  
Please don't love me, baby, please  
Yeah, yeah

He knows I don't love him  
He says it's alright  
I just don't care for his face  
He wonders why I only call at midnight  
I don't wanna see him in the day  
He knows I don't love him  
He says it's alright

I just don't care for his face  
He wonders why I only call at midnight  
I don't wanna see him in the day  
He knows I don't love him  
He says it's alright  
I just don't care for his face  
He wonders why I only call at midnight  
I don't wanna see him in the day

Complain about me, do you know pain?  
'Cause it would sound a lot better in this song  
And I don't mean to be rude but I don't wanna talk  
Listen, I don't wanna talk, babe  
Complain about me, do you know pain?  
It would sound a lot better in this song  
And I don't mean to be rude but I don't wanna talk  
I don't wanna talk all night long  
Please don't love me  
Please don't love me  
Please don't love me  
Please don't love me, baby  
Please don't love me, baby, please  
Yeah, please don't love me
