

Walk My Way

Brynn Cartelli

Say what you wanna say, talk is cheap
But you're gonna pay if you keep
Lookin' at me
You've got so much anger inside
That a body could start a fire
Inside of me

Honey, inch to inch, just a little bit, ooh
Bring those mouthy lips right into my grip, ooh

Walk my way, walk my way, walk my way, ah
Walk my way, so we could get closer, closer
Walk my way (my way), walk my way, walk my way, ah
Walk my way (my way), so we can get closer, closer

Baby, come at me, I dare you
Come after me, I dare you to, woah
Walk my way (my way), walk my way, walk my way, ah
Walk my way (my way), so we could get closer, closer

Keep on teasing me with your words
And we'll see who gets there first
Like some kind of race
Touch me one more time like that
Whisper behind my back
And we'll see what happens, oh

Honey, inch to inch, just a little bit, ooh
Bring those mouthy lips right into my grip, ooh

Walk my way (my way), walk my way, walk my way, ah
Walk my way (my way), so we could get closer, closer
Walk my way (my way), walk my way, walk my way, ah
Walk my way (my way), so we can get closer, closer

Baby, come at me, I dare you
Come after me, I dare you to, (I dare you to, I dare you to), woah, woah
Walk my way (my way), walk my way, walk my way, ah
Walk my way (my way), so we can get closer, closer

I, I want you to
Fill up the distance, still
We're face to face
I, I want you to
Round me up so much
It makes me say, ah

Walk my way (my way), walk my way, walk my way, ah
Walk my way (my way), so we could get closer, closer
Walk my way (my way), walk my way, walk my way, ah
Walk my way, so we can get closer

Baby, come at me, I dare you
Come after me, I dare you to, woah (won't you walk my way?)
Walk my way (my way), walk my way, walk my way, ah (won't you walk my way?)
Walk my way (my way), so we could get closer, closer
