

# Attention

Bryson Tiller

Yeah  
You know I see you over there (Ooh-ooh)  
Girl, you caught my eye (Yeah)

Love the way you put it on  
Girl, you got my attention  
All of my attention, yes  
Tight black linen, sheer  
Perked up in brassiere  
Yeah you got me, uh-huh, uh-huh  
Burnin' up in here  
Two black five-inch heels  
Dressin' to kill 'em here  
I ain't sweatin' these women here  
The essence is missin' here

So I'm ready to dissappear  
Let's just go, my dear (Mm)  
'Cause the way you put it on  
Make me wanna take it off you  
Got me so amazed and all  
I don't wanna wait, no (I don't wanna wait)  
Nah, hmm  
I don't wanna wait but you're stayin' for the champagne  
2 a.m. is creepin' up, you know how to keep up  
No, it won't be easy, but I'll be here, believe me, yes (Yes, yeah)  
She turnin' me up, am I not tipsy-turvy enough?  
Baby, my vision gettin' blurry, huh  
Blurry enough, but I can still see and I'm certain, ah-ah, mm

The way you light it up in here  
Dress shimmer like the chandelier  
Diamonds in your ear  
You're makin' one thing very clear  
And baby, when you put it on  
There's no competition  
I watched you make an entrance, baby  
Yes, and you can tell by my description (You fit it well and girl)  
I will never fail to mention (How you polish every detail)  
Losin' time, tryna go the distance  
You got all my attention, baby

I'm ready to disappear  
Let's just go, my dear (Mm)  
'Cause the way you put it on  
Make me wanna take it off you  
Got me so amazed and all  
I don't wanna wait, no

Yeah

And I'm certain, I, I  
I see the tension risin' (Rise)  
I see the tension risin' (Rise)  
I feel the temperature risin' (Rise)  
Got my attention, I'm, I, I, I, I (Yeah)  
Oh, oh, oh, oh, oh
