Bryson Tiller

Okay

Niggas be peepin' hard, they act like they ain't see the shit  
I think they need a Serg', finna make me reenlist  
All of my cadets done bought baguettes, all 'bout achievements  
That's why I can't believe he just be [?] off the main shit  
Talking 'bout he decent, I'ma show you boys who decent is  
Mirror on my face, you look me in the face you see a bitch  
Pussy you perceive, how could they deceive me?  
A young nigga feelin' himself  
Yeah, they had me convinced that I shouldn't be feelin' myself  
'Cause I don't need assist, I get to beatin', killin' myself  
Like it was seamless, I laugh when they look at me like I'm they not  
[?]  
I swear, I got the same reaction back in '15  
Now I'm black stackin', rappin' like I'm backpackin'  
Carry dead weight, straight to the win, they backtrackin'  
Actin' dumb now, and don't pretend, that's mad whack  
Switchin' topics like I did with the girl in the back chattin'  
Asking 'bout my love, like tell me 'bout that status, she  
Keep naggin' for me team, no Flagstaff in Arizona, I don't wanna get  
deep  
Just ass clappin', honey, if the conversation is weak  
We Snapchattin', I had better chats with GPT  
Been on a telecast, doin' shit with BET  
So she could [?] how she see me  
Niggas hatin', I'm assumin' they got EBT  
'Cause they see cash on the cover stackin', "Who the fuck won't hear  
this brother rappin'?"  
But ain't brave enough to challenge when it come to rappin'  
A hundred racks if you could wash me then I'm done with rappin'  
Back to singin' to his bitch, she on the cover rappin'  
And she say, "You the best, period" like a stomach crampin'  
Keep it a hundred like some [?] and a couple Jacksons  
I'm hot as Dolphins in Miami when they runnin' practice  
But I can see just why they punishin' me for my absence  
'Cause what's the game without Slummy? Bitch, I'm back in action  
What's the game without Tiller? Bitch, I'm back in action  
Fuck the game, I doubt niggas want smoke with the Slum Dog

Slum Dog millionaire  
Or Slum Tiller, boy  
A legend that's what you can call me  
Niggas say they want the smoke, I'm like, "Are you sure?"  
If you got a problem, nigga, call me  
Let's hear it  
Call me
