Bryson Tiller

You can't treat him like any of the other niggas around here  
'Cause he ain't like any of the other niggas around here, you got it?

I just woke up, 1 A.M. like "Richie, what's the move?"  
Slip a 100k in jewelry on and bust a move  
20 bands up out the safe, I'm in here thumbin' through 'em  
I heard both my exes in here, I hope I run into 'em  
I heard niggas [?] and they just runnin' through 'em  
She forgot how rough her life is, I'm too fuckin' smooth  
She been sleepin' on a nigga, she been hittin' snooze  
Now I'm in her slums playing by some different rules, huh

Yeah, bring in the Brink's truck, tell 'em clean it up  
Yeah, we finna hit the VIP and T it up  
Yeah, she came back to me, she tryna see what's up  
Girl, don't come to play no games, I'm finna beat it up  
I'm upset all in her stomach, told me ease up  
Got you wondering why the fuck you ever leave, huh  
Now this dick is out the budget, I got bitches blowing hunnids  
Told me put away my money like I'm Deuce Bigalow  
I'm hot as shit its kinda funny if she won't let a nigga plumm  
t  
Ain't no strings attached to the pussy but she let me strum it  
She got ass, I'ma drum it like Nick Cannon, ain't no pullin' out  
t  
Ha-ha-ha, she get mad when I pull it out  
Bop-bop-bop, how I'm thrashin' it  
Now up on me she be playin in the movies and shit  
She just wanna see me get into my groove with the shits  
So I'm back up on the scene and out the fuckin' house  
I can't fuck on any thotties that just run they mouth  
Where I'm at it's raining baddies, ain't no fuckin' drought  
And I'm lowkey in the function, I came unannounced  
Countin' six shots, no more, I'ma pass on 'em  
I see two young stallions, I'm lasso 'em  
A lot of horses in the whip, I hit the dash on 'em  
Night is coming, 2AM, I'm finna do it all again and I just-

I just woke up, 1 A.M. like "Richie, what's the move?" (What's the move)
