

Keep It Simple

Bryson Tiller

DJ EDub, turn up the fire, let's go

Yeah, yeah, ayy

This drip got you in heat, yeah

Come on, baby, hop on this—

Yeah, just by the way I walk

You can tell that it's gon' get knocked off

But I won't say a thing, no, not for now

True with me, we have the club for now

Somethin' in this cup should be enough for now

I don't mean to rush but (Rush)

I wanna get deeper

All that ass, I'm goin' deeper

Baby, I'ma keep it simple (Baby, I'ma keep it simple)

Yeah, ayy, yeah
