Shawty you should come up out your bra and your panties [x4]
Take off your vicki secret
And that's how we should keep it
For the rest of the night
So freaky, you and I
I think you, I think you really should come out them clothes

Ayy lil mama what you doing over there, huh
I'm unaware but I see you in them underwear, ma
My mind elsewhere so really I don't care, ma
And all I know is I just want you over here now
Now let me tell you how it goes, all I know is if it goes over

And real mo is how I throw, a pro shawty know
And if your man's green light, you should go shawty, go
I know that ain't right either, don't let your wife beater
When I get to come up out her boy shorts and wife beater
And I ain't expect her not to ever repeat it, she couldn't keep
