

## Comeback

BSP

I wanted to stop hanging loose  
And come to you  
And feel the stones inside you  
For you it's hard -  
Let's go, baby  
Just when you are so close  
C'mon, baby  
Roaring I'm so close  
C'mon, say good night

'cause there's no regret  
C'mon, say good night  
smile and sleep instead  
Won't you be cold?  
Friends we were and then  
I made you sad  
Now you're down  
We have a lot, be crazy,  
hang on - no no - start to count
