Be here with me

I'm tryna stay afloat but I'm in deep (But I'm in deep)
Oh, I'm so tired I can't even sleep
Oh, and I never prioritize my wants and needs
So it goes, on and on, just like a melody

And I keep saying okay (Okay)
I never listen to my own heart
I do whatever they say (They say)
While looking like you're happy as hell
Oh, I, I really hope that you feel the same
Oh, I, tonight

Come meet me at seven
And stay 'til eleven
But won't go to bed then
'Cause this feels like heaven
Yeah, it's true though
Kinda cool so
Let's just stay right here tonight (Let's just stay right here)
At seven in my house
We'll sing both our lungs out (Oh)
And dance to the moonlight
'Cause everything feels right (Oh-oh)
Been a long day
But it's okay
'Cause at seven you will be
Be here with me

Oh-oh-oh-oh, oh no
Oh-oh-oh-oh, oh-oh
Oh-oh-oh, you will be, be here with me
