

# Letting Go

BT

Everything that you got  
feeds your fire  
and I don't know how you do it  
and you know you're always gonna be the same  
but you can't see it and I, I, I can't control it  
like dynamite you ignite  
thats when I might fall in the trap again  
cause it's anytime and every time you cross the line  
you think I want it

but oh I lived you like a dream  
but oh you pushed me to extremes  
to extremes

letting go, letting go, letting go go go  
letting go, let it go, letting go go go  
Repeat

I'm letting go

everything that you want, that you want that you want want want  
everything that you got that you got that you got got got

but that was then and this is now  
I am over and out, over and out

I'm letting...

letting go, letting go, letting go go go  
letting go, let it go, letting go go go  
I'm letting go
