

Love Can Kill You

BT

(Yeah)

(Love can save us all)

It's so beautiful
Though the seasons have changed
Is it something I said
Nothing left to be said

It's a beautiful day
Although the seasons have changed
There's nothing left to be said

Beautiful Beautiful day
Although the seasons have changed
Bitter sweet or faded

Breaking beautiful ways
And yet the truth is unchanged

No one left to fault or blame
I feel the beautiful days will cry the tears of my pain
From breathing your heartbreak

Love can kill you
Or love can save us all
Love can kill you
Or love can save us all

It's a beautiful day
Although the seasons have changed
There's nothing left to be said

Such a beautiful day
And yet the seasons have changed
Is it something I said

Breaking beautiful ways
And though the truth is unchanged
There's nothing left to be said
I feel the beautiful days will cry the tears of my pain
From breathing your heartbreak

Love can kill you
Or love can save us all

(Love can kill you
Or Love can save us all)

Love can kill you
Or love can save us all

Love can you
Or love can save us all

Love can save us all
Love can save us all

Yeah

Love can kill you
Or love can save us all
Or love can save us all
Or love can save us all
Yeah
